

Natural Ball aka T-Bone Shuffle

Let your hair down baby,
Let's have a natural ball.
Let your hair down baby,
Let's have a natural ball
If you can't put your hair down baby ,
We can't have no fun at all.

Can't take it with you
That's one thing for sure
Can't take it with you
That's one thing for sure
There ain't nothing in the whole world
That a T-Bone Shuffle won't cure.

Have fun while you can
Fate's an awful thing
Have fun while you can
Fate's an awful thing
You might never know what happens
That's why I love to sing
