

Sometime I Just Forget To Smile
Michael Franks

Earth quakes and my Bug breaks
You need a light to see through the smog
It's like D--day out on the freeway
I'd like to crawl back under my log

All these Rolls Royce Hip Roll down the Sunset Strip
just like Pharaohs down the Nile.
Sometimes I just forget to smile

Dog bites lost kites
he says Thanks but he never says Please
We both shave and we jump waves
He never has much skin on his knees

You know he's got the habit now for Peter Rabbit now,
and Disney crocodiles.
Sometimes I just forget to smile

Solo one verse until...

All these movie stars and all these Jane and Tarzan just to,
run the three minute mile.
Sometimes I just forget to smile
