

Voodoo

**Oh you must a put Voodoo on me - Oh you must a cast a spell
The way I'm loving you girl – Ain't no tongue can tell
Oh you must a been burning candles
– Oh to make a love so strong
You must a sprinkled dust all around my bed
– You must a had a black cat bone**

**Just at a glance – You know you put me in a trance
Oh when I look into your eyes – Girl you have me hypnotized**

**Oh you must a put Voodoo on me - Oh you must a cast a spell
The way you got me loving you girl – Ain't no tongue can tell**

**Oh, if I call on Magnolia could she break this spell on me
Father Black Hawk or Mother Dora
- I wonder could they set me free**

**Oh you must a put Voodoo on me - Oh you must a cast a spell
The way you got me loving you girl
– Ain't no tongue can tell**

**Voodoo woman –Voodoo woman
Voodoo woman –Voodoo woman**
